

THUMBS UP

Create Your Own Tiger!

Did you know that a tiger's stripe pattern is unique just like your fingerprints? No two tigers have the same markings on their fur which is how conservationists can tell each animal apart in the wild!

Let's create thumbprint art of a tiger. Follow the steps below and remember, each thumbprint is as unique as a tiger's stripes! When you're done, share your artwork with family and friends and tell them what you learned about these incredible big cats.

Materials needed:

- ☐ Washable orange/yellow ink pads or paint
- ☐ Black pen or pencil
- ☐ A damp cloth to clean thumbs between prints
- ☐ Thumbs!

Activity Tip:

Try creating different poses for your tiger by placing your thumbprints in various shapes. Have fun and get creative!
