

INTERNATIONAL TIGER DAY

Tigers are Endangered.

They have lost around 93% of their historic range and now survive in only ten countries.

But there is hope for tiger recovery with enough support.
Between 2015-2022, estimated wild tiger numbers had risen by **40%**, the first growth in decades.

With **support from global zoos,**
WildCats Conservation Alliance
has invested over
£5 million into
conservation projects.
helping drive tiger recovery
over the past decade.

Zoo support
helps
keep tiger
recovery
within reach.
